

Steve, Lindsey, Jacob, and Stella

Dear Expectant Parent (s)...

Our names are Steve, Lindsey, Jacob, and Stella. We recognize the strength and courage that is required to consider making an adoption plan. We can't imagine the life circumstances that have brought you to this decision, but are amazed by your strength. This is not an easy decision, but we understand it's a decision made out of love. We pray for God's peace as you walk this path. Although we have not met know that we care for you, support you, and pray for you often.

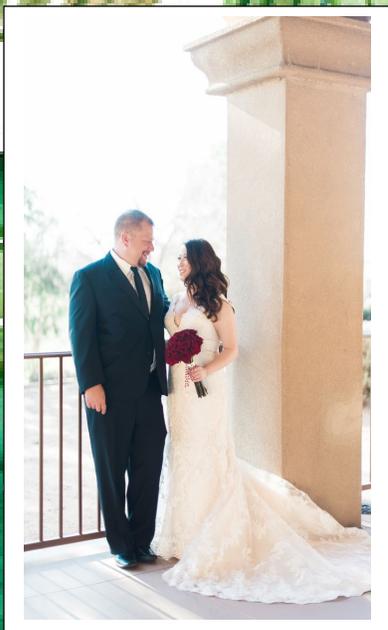

Steve about Lindsey...

Lindsey's smile on our first date is something I will never forget. I fell in love with that smile right away. From the instant that I saw how Lindsey was with Jacob, I knew that this was right. Lindsey is a great mother and has a special bond with both kids. Lindsey makes sure to spend quality 1:1 time with each of our kids each day. She loves to cuddle with both kids, especially when they first wake up. When Lindsey isn't spending time with family, she loves to craft/personalize things, and help others. If we are hosting a party for one of our kids, she loves to create things that represent their taste or personality as much as possible. She will spend hours crafting and personalizing everything she can. She works in higher education and devotes so much of herself to helping others through college. I treasure our time together at the end of the day. I love to just lay in bed talking about our days, and laughing at each other.

Lindsey about Steve...

Steve's love and devotion to his children, is what I love most about him. I was able to see firsthand how great of a father he was to Jacob while dating. Steve shows his love by doing for others. He never complains about helping my family or his, as family is everything. He is always willing to get his hands dirty with any home improvement project I dream up. His commitment to God and his faith is undeniable. He ensures we attend church each week and leads our family in prayer every night. His hobbies include watching sports (especially the Yankees and Giants), tinkering with the newest electronic gadget, playing golf, and spending time with his family.

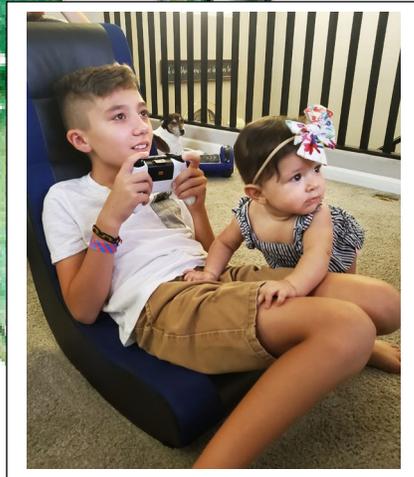

A little about us...

We were both raised in Christian families, and are the oldest of our siblings. Steve grew up in the Northeast, while Lindsey grew up in the valley. We met online about eight years ago and have been married for just over 6 years. We love to spend quality time together and laugh! Steve works in the cable/security industry, while Lindsey works in higher education. After suffering through unexplained infertility, we welcomed our daughter Stella through adoption in 2020. Our adoption journey was long and bumpy, but God knew what he was doing when he blessed us with Stella. We feel God is leading us toward adoption as a way to add to our family again!

{Jacob}

Jacob is 10 years old, and has such a kind and thoughtful soul. He has excelled in school, and loves to participate with the morning flag ceremony or help his teacher in class. He loves spending time with his sister and cousins. He is the best big brother and is so patient with Stella, especially when she wants to play with all his things! He loves to play baseball, swim, ride his bike/scooter, or play video games. He can't wait to become a big brother again!

{Stella}

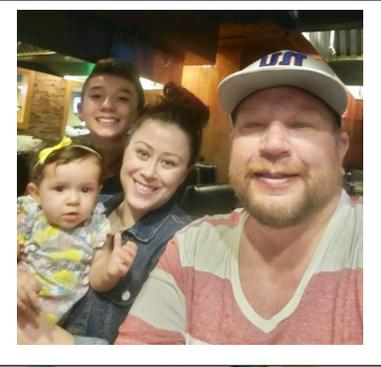

Stella is a year old and is such a firecracker! She loves to play with her brother, watch Cocomelon, and chase her dogs around the house. She doesn't want to be left out of anything and is always on the go! Stella loves to play basketball with her brother and look at all the dogs on our family walks. She loves to eat all things, especially cupcakes!! Stella joined our family through adoption in 2020. We love her birth mom and are forever grateful for her role in Stella's life. We can't wait until Stella gets older and we can tell her how strong, brave, and loving her birthmother is! Stella can't wait to share her toys with her little brother or sister!!

A little family fun...

We are a goofy, selfie loving family. Family is everything to us, and we are so lucky to have most of our extended family in the valley. We try to have monthly dinners, or pool parties with each side of our family. It's such a blessing to watch Jacob and Stella grow up alongside some of their cousins. When the weather is nice you can almost always find us outside at one of our neighborhood parks, or on a family walk. We are so excited and looking forward to becoming a family of five.

As we pray to our God and Father about you, we think of your faithful work, your loving deeds, and the enduring hope you have because of our Lord Jesus Christ.

1 Thessalonians 1:3
