

Thomas & Mickaylee

Hi there!

We are Thomas and Mickaylee. We are strong believers in Christ and the belief that no matter who you are, what you've done or what's been done to you, God loves you, as you are today. We all have a story and although yours and ours may be different, they are equally important. Our hope is that we get to be a part of your story, and that you would be a part of ours. Even if we are not the ones you decide to choose, know we are praying for you, and you are loved. We want you to know we see you as strong and courageous. We understand that you are searching your heart to make the decision that will impact your baby's entire life. We can't wait to meet you if you feel that we will be a good match. We already know that we have one thing in common- we both want your beautiful baby to have a life full of love and happiness. Thank you so much for taking the time to read our bio. We pray that God would bless you and guide you with love, peace and clarity.

Our Story

We met when we were kids and reconnected through a mutual friend in our 20's. We have been happily married since 2016. In 2021 we moved to 10 acres and began our small farm. So far, we have chickens, dogs and cats. In the future, we plan to grow our farm to include other animals. We sell homemade candles and eggs from our farm and we also own a Martial Arts school with Thomas's brothers and parents. We are very blessed to have a lot of support from family as well as our large community and close friends. Adoption was something that was always on both of our hearts. Even when we were dating we decided that we would adopt our second child after we had our first. After seven years of trying to conceive and a painful miscarriage, we began to pray and ask God what our next steps would be. We felt God leading our hearts toward adoption. Everything fell into place and there was complete peace in both of our heart as we closed the old chapter and began our adoption journey.

Our Family

We are blessed we have a great support system! Thomas's family lives nearby and we see them almost every day! We try to see Mickaylee's sisters monthly and her aunt, uncle and cousins as often as we can in Texas.
