

Meet Anna!

Anna is a quiet, self-described homebody who loves to read or watch old movies.

Anna is a big fan of murder mystery novels and detective work. Anna is a very laid-back individual who is happy to spend time at home or with friends. Anna loves classic music by artists such as Elvis or Frank Sinatra, and is currently learning how to play the guitar. Anna is also very gifted at drawing, and loves to draw cartoon caricatures of herself, her friends, or her favorite TV characters.

Anna does well in school and enjoys learning. Anna likes to spend time with her friends at school or in small groups at a friend's house. Anna is very open once she becomes comfortable with both peers and adults. As an adult, Anna would like to work as a crime scene technician or mortician, although many of her friends tell her she should be a Disney cartoon animator.

The ideal family for Anna would be open and supportive of her future goals and interests. Anna is open to having siblings and gets along well with other youth. Anna would love to have pets and takes care of the three dogs and three birds in her current placement. The best family for Anna would be a low activity family that enjoys spending time together in the home. Anna is looking for her forever family that will stick by her no matter what!

Anna was born in 2008.
