

Meet Ember!

Ember is a high-spirited, bright, and bubbly teen who loves to be out and about!

Ember likes to spend her days reading, drawing, and writing short stories as she has a big imagination and is very creative. She loves horses and one day, would like to own her own horse ranch so she can raise and care for horses. During her free time, Ember enjoys playing board games and participating in arts and crafts. Ember would love to reside in a rural area because she believes it is a lifestyle in which she could truly thrive. Ember prefers to be the only child in her forever family. Pets are happily welcomed!

Ember was born in 2007.
