

# JORDAN & VICTORIA

Hi, we are Jordan and Victoria, along with our pets  
Piper (goldendoodle), Smokey (cat) and Oakley (shepherd mix)!

It is truly an honor to have the opportunity to share a glimpse of our lives with you today. For a long while, we have been praying for you and this special journey. Ever since we were dating, adoption has been on our hearts as we seek what the Lord has in store for our family. We look forward to opening up our home and lives to you!

# OUR STORY

We are both Tucson natives who met at a summer camp in 2005 when Victoria was only a freshman and we have been friends ever since. It took us a while to get the timing right, but we finally got married in 2015. We have been working in education for a decade - Jordan taught high school for 8 years and recently took the leap to become the principal at a school in Tucson. Victoria has taught math and science since 2013 to many different grade levels and absolutely loves numbers! She is looking forward to a new phase of her career as she finishes her training to become a teacher mentor for educators across Tucson.

**JORDAN, BY VICTORIA** **VICTORIA, BY JORDAN**

Victoria is an incredible woman - she is the most driven, strong and caring woman I have ever met. She loves those around her with humble selflessness, and works hard to show her care for them - especially through her delicious baked treats. When she laughs and smiles, the whole world lights up. She is brilliant in her ability to organize and keep track of so many different things and she always keeps our family on track and taken care of.

Jordan is the kindest and funniest person I know. He is always thinking about other people to make sure they are taken care of. He is my best friend and is always willing to go on all my adventures. Jordan supports me in everything I want to do and I know will do the same for our future children. Jordan is also the most musically talented person I know, he plays the violin beautifully and is always singing.

# OUR HOBBIES

- Quiet days at home together
- Building puzzles
- Watching some of our favorite shows (like the Office, Parks & Rec and Brooklyn 99)
- Listening to a good true crime podcast.
- Trying new foods and exploring the Tucson foodie scene
- Traveling together when given the chance.
- Enjoying musicals by attending Broadway in Tucson shows with Jordan's sister

## VICTORIA ENJOYS:

Running . She is trying for "50 by 50" - running a race in every state before she turns 50! We love turning these race weekends into a chance to explore somewhere new, try the local food & focus on time together. She also plays piano, sings, loves baking, and photography.

## JORDAN ENJOYS:

Playing video games with his friends from college or playing D&D on Sunday nights with friends. He also writes and publishes fantasy novels and has played the violin for pretty much his entire life.

Thank you for taking the time to get to know us! Our hearts are already full with the love we have for the child that will join our family. We're praying for you as you continue exploring your options. We promise your little one will be cradled in warmth, surrounded by laughter, and embraced by unending love.
