

Meet Liam!

Liam is a helpful and loving boy who enjoys drawing, swimming, and playing with the household dogs.

Liam loves being outside whether he's playing with the neighborhood kids, riding scooters, or walking the dogs. Liam's favorite foods are breakfast burritos and beef burritos. Liam states that his favorite sport is soccer. Something fun Liam would like to do is swim with fish.

Liam states that lunch and friends are his favorite parts of the school. He also likes art, ceramics, math, and science. Someday, Liam would like to learn how to build things out of wood and/or metal and eventually have his own business selling his creations.

Liam shares that he would love a family with a mom, a dad, and younger and older siblings. He also shares that he would love to have a couple of nice, friendly dogs. Liam would love family activities that include being outdoors and interacting with animals. Liam will thrive in a loving, caring, patient home that can provide structure and one-on-one attention. A family committed to helping Liam do his best in school would be ideal.

Liam was born in 2008.
