

Meet Messiah!

Messiah is an expressive and playful boy who loves jumping on the trampoline, having dance parties, and asking the question, “Why?” to everything.

Messiah is a great conversationalist. He loves to tell you about his day and what he did. He also loves to ask others questions and get to know them. He is very compassionate and enjoys helping others. Messiah loves to watch movies with music in them such as “Trolls” or “Madagascar”. He loves to be able to dance to them and get his wiggles out.

Messiah will need a family who can keep up with his energy as he loves being able to run around and play. He would do well in a two-parent home such as a mom/dad, mom/mom, or dad/dad who can provide structure and routine as this is an environment where Messiah thrives. He would do well with siblings in the home as he is friendly and connects well with others. A home without animals would be best for Messiah as he cannot be around pets due to severe allergies.

Messiah was born in 2020.
