

## Meet Sasha

### ***Meet Sasha, a loving soul with a passion for cooking, reading, and makeup.***

Her heart belongs to soul food and Chinese cuisine, and she finds comfort in the kitchen while expressing herself through makeup artistry. In her free time, she enjoys reading poetry and listening to 90's rap and R&B. She also plays in a rugby team which she really enjoys. Sasha dreams of attending culinary school to become a chef or pursuing a career in cosmetology.

Sa'sha would do best in a home with minimal other children as she does enjoy one-on-one attention. She is open to a home with animals. She hopes a future home would support her interests in rugby and stay in contact with her older and younger siblings. It is important this new home can provide her with a safe place to feel supported, cared for, and loved. She would also do best in a home that provides her structure and boundaries while also giving her space to be a teenager and grow. More than anything, she longs for a loving family with whom she can connect, talk, and build lasting bonds.

Sasha was born in 2007.
