Meet Angel!

Angel is a sweet, playful kid with a big heart and a contagious smile.

Angel is a master at card games and enjoys a variety of them, but his favorite is 10s and 2s. Angel is also a big fan of McDonald's and shared that he still loves their happy meals, and the apple slices are his favorite part. Angel also enjoys listening to rap music, reading, sports, and drawing cars. Angel enjoys school, and his favorite subject is math. Angel doesn't know what he wants to be when he grows up, but says maybe something with math. Angel may seem quiet at first, but once he finds a common interest, he will really open up. Angel is naturally drawn to those older than him and really looks up to older peers as well as the other important people in his life.

Angel is looking for a forever family to play games with and who will help him succeed. The ideal family for Angel would be energetic, patient, and support him in exploring his different interests and abilities. Angel feels most comfortable in a family with a mom and would do best as the youngest child, only child, or with one younger sibling.

Angel was born in 2011.

To learn more about Angel, please fill out an Adoptable Youth Inquiry Form and our team will get back to you as soon as possible.
