Meet Aiden!

Aiden is compassionate with a lighthearted spirit and a positive outlook.

Aiden has a great smile and a laugh that brings joy to those around him. Aiden can be shy at first, but once he feels comfortable (maybe after a few rounds of Uno), he can be very social. Aiden is very caring and protective of others and will always ask how your day is going. Aiden loves video games, and his favorites are Stardew Valley, Minecraft, and Rocket League.

Aiden is a very intelligent and creative kid whose current interest is robotics. Aiden also enjoys art, drawing, painting, and origami. Aiden shares that he would also like to learn Spanish. Aiden is very ambitious and would like to be an entrepreneur or business-owner when he is older. One current business idea he has is an international market that sells items from around the world, “like from Peru or something.”

Aiden would do best in a two-parent home, where he feels comfortable and supported. Aiden enjoys having siblings and has a positive relationship with his older brother and sister. Aiden would also love to have pets of any kind. Aiden very much enjoys individual attention and care, and will succeed when he is in a loving environment. To Aiden, family is someone who cares for you, and an adult who provides for you and doesn’t go home after 5 pm. Aiden remains hopeful for a family to spend forever with who will love and understand who he is as a person today.

Aiden was born in 2011.

To learn more about Aiden, please fill out an Adoptable Youth Inquiry Form and our team will get back to you as soon as possible.
